

Advanced Training in the BdT Trauma Recovery Focused Model

Exploring Complex Trauma

2024-2025

Following on from the Certificate in Therapeutic Mentoring (CTM) foundations course of the BdT Trauma Recovery Focused Model is this course which builds and extends the knowledge learnt.

Our mission is to bring recovery to children, young people and their families.

This will change generational behaviour patterns and bring restoration to whole communities.

Each day can be attended as an individual training day if the CTM course has been completed.

Completion of the 20 days of training leads to the possibility of being accepted to be a recommended professional on the Trauma Recovery Global website, upon evidence of learning and application.

Overview of Complex Trauma and Trauma Recovery Focused Model.

Betsy de Thierry MA

The training in the BdT Trauma Recovery Focused Model has had around 400 students over the last 10 years. It started as a foundations certificate course in therapeutic mentoring. This is a new course which builds on the foundations of the model exploring recovery from Complex Trauma.

Betsy de Thierry, MA, is a Consultant Psychotherapist, Trainer, Author, Teacher, CEO of Trauma Recovery Global and BdT Training Ltd, and Founder & Chair of Trustees of the Trauma Recovery UK.

Avenue:

- In person training in Bath
- Online via Zoom is available

Here at TRG we value face to face training, as this is most beneficial for the attendees and trainers, and whilst we understand that some students will need to access online, we would love to meet you in person.

We are proud to say that we have kept the cost of the courses the same, despite inflation for the past 8 years as Betsy recognises the cost of living crisis & funding available.

Cost:

The cost of the course is
£1750+VAT= £2,100 for
10 days training.

Evidencing your learning:

There will be an end of course assessment for you to evidence your learning and application.

Terms of service:

By booking a BdT training course you agree to our terms and conditions, a copy of which can be found on the Trauma Recovery Global website under the Training section at the bottom of the page.
